## How to join a meeting via the Zoom application on a smart device (iPhone, iPad etc.)

- 1. First you should Download the ZOOM app from your app store on your smart device.
- 2. Three ways to connect to a Zoom meeting on a smart device.
  - a. The fastest way to connect to a Zoom meeting click on the "Join a meeting Link" or "click here" in an email you receive. You will see screens like #7 then #8 and #9 below.
  - b. You can connect also to Zoom meetings on smart devices using the Zoom application for that smart device. (See steps 3-9 below)
  - c. You can connect through a browser on your smart device. (see Appendix A at bottom of this document.)
- 3. Run Zoom

4.	Click on join	5. Enter the Meeting ID under the "Join a Meeting" heading that you get from the Organizer.

## Appendix A

- If you do not connect with a Link from an email you can connect manually using the below steps.
  - 1. Connect to a Browser on your smart device (Microsoft Edge, Safari, Google, etc.)
  - 2. Enter: www.zoom.us
  - 3. Click on JOIN.
  - 4. Enter the Meeting ID for the meeting you want to join. (you will need to get it from the meeting organizer)
  - 5. Enter the Password the organizer gives you.
  - 6. The meeting organizer will probably need to Admit you to the meeting.
