

Sacred Spaces at MLCC

We're creating space for encounter.

Sacred Spaces is a self-guided prayer experience designed to help you become more attentive to the voice and movement of the Holy Spirit. Through a series of interactive stations, you'll be invited to slow down, reflect, and respond to what God is stirring in your heart.

Each station offers a unique opportunity to engage—whether that's through Scripture, silence, confession, gratitude, or simply listening. This is not about doing it “right,” but about being present and open to God's presence.

In a world that moves quickly and demands our attention, this is an intentional invitation to pause—to quiet the noise, to lay down burdens, and to reconnect with the nearness of God.

Whether you're coming in with clarity or confusion, faith or fatigue, there is space for you here. We invite you to step in, take your time, and engage as the Spirit leads.
